

Washington, April 20, 2023

Dear Austrian Scientists and Scholars,

On the occasion of my recent arrival as the new Austrian Ambassador to the United States, I wanted to take this opportunity to introduce myself to the network of Austrian scientists and scholars living and working in the U.S. I am impressed by your ongoing contribution in bringing Austrian ideas and research to the other side of the globe and in fostering scientific exchange and academic excellence.

The Austrian Embassy is committed to further the cooperation between the Austrian and American academic community in every way possible: we want to be part of your work and of your success stories! Also, feel free to reach out to us whenever you need our help.

Thank you for your continued work and commitment to scientific research and discovery. I am looking forward to getting to know you at the earliest opportunity!

Yours sincerely,

Petra Schneebeauer

*Ambassador of the Republic of Austria to the United States of America*
